- Dual elastic headbands provide a comfortable and secure seal
- 360° seal that fits a variety of faces
- Respirators are compliant to biocompatibility, flammability, and fluid resistance standards
- blox products have been third party tested by Nelson Labs and Pacific Biolabs
- Each lot of respirators are certified by the vQuality system to prevent counterfeiting and verify performance

Respirator Size: Standard size fits most
Respirator Style: Flat fold
Respirator Color: Available in white
Made in USA

Key Features:
- NIOSH-approved N95 rating for use as a Surgical N95 Respirator
- Fluid resistant up to 160 mmHg per ASTM F1862
- Inhalation resistance (complete respirator): 7.3 (mm H2O)
- Exhalation resistance (complete respirator): 9.4 (mm H2O)
- Flammability rating: class I per 16 CFR 1610
- Adjustable nosepiece
- Sonic welded, dual elastic headbands
- Single use, disposable

Intended Use: This Surgical N95 Respirator is a single-use disposable device intended to be worn by operating room personnel and other healthcare workers to protect the professional and the patient by reducing the exposure to airborne contaminate, and the transfer of microorganisms, body fluids and particulates.

Contraindications: This device is not designed, sold or intended for use except as indicated. Not for use with beards, or other facial hair that prevents direct contact between the face and sealing surface of the respirator.

Warning: When worn properly, this Surgical N95 Respirator helps reduce exposure to certain airborne particles, but does not eliminate exposure to or the risk of contracting any disease or infection. Before use, the wearer must read and understand the instructions provided. Misuse may result in sickness or death.

Reminder: Before occupational use of this respirator, a written respiratory protection program must be implemented meeting all the local government requirements. In the United States, employers must comply with OSHA 29 CFR 1910.134 which includes medical evaluation, training, and fit testing.

Time Use Limitations: Respirator may be used until damaged, breathing becomes difficult, or contaminated. Discard after every use. Follow national, state, local, and facility infection control guidance and policies.

How to Order: blox products are available in bulk or high volume orders.
